I am a family man with four children and two Grandchildren to date.

I was brought up in Bigbury and then Plympton so know the area well and now live in the village of Brixton.

I have run my own business since 1987, been a School Governor, and strong supporter of helping young people into apprenticeships in Construction through my role as Chairman of the local construction training group.

I am so impressed with the enthusiasm shown by the volunteers and Councillors in Brixton I wanted to support them by giving my time to the Parish as a Councillor.
