I am a born and bred village boy married to a Plymothian!

I grew up in the Home Counties and moved to Plymouth with my wife 5 years ago, into Sherford in 2018 and more recently to Heybrook Bay in 2022. I enjoy walking and cycling, listening to music and learning new DIY skills. I love being back in a friendly community with that village feel and have been working with BPC for most of my time in Sherford as an active member of the community there, so have a good rapport with the team that I felt was time to take the next step and be a part of.

I hope to be able to help continue supporting the Parish, its relationship with its neighbours, and uphold the values that make Brixton the place you love to live in
