What is a Parish Council Business Plan?

The Parish Council Business Plan sets the Parish Council's vision for the parish, its purpose, values, objectives, and key priorities for the next three years.

The aim of the Business Plan is to provide Brixton's parishioners' a clear understanding of what the Parish Council does and what it is trying to achieve. It details what the Parish Council intends to focus on over the next three years. The Business Plan will be reviewed annually. It will be used to drive the budget process, forward plan activities for the coming year and subsequent years and enable the Parish Council to monitor its progress against key objectives and priorities.

The Business Plan is a statement of intent. However, Brixton Parish Council may have to make decisions contrary to its stated commitments if events such as budget constraints, pandemic, new legislation, or changes in our policies make that necessary. Any changes will, however, be reflected in an updated plan.

Why has the Parish Council decided to produce a Business Plan?

Having an agreed strategy provides a framework for the Parish Council to work within, enabling it to operate in a more consistent and co-ordinated way, to be proactive rather than reactive in its decision-making. Brixton Parish Council's Business Plan is based on the understanding of the community's current and long-term needs gathered from day-to-day involvement with residents and other key organisations within and beyond the parish.

An aim of the Business Plan is to help residents gain a better understanding of what the Parish Council does and to clarify the roles and responsibilities in its relationship with Sherford Community Land Trust, South Hams District Council (SHDC), Devon County Council (DCC), the NHS and Devon & Cornwall Police.

What is the definition of a 'good' parish council?

Brixton Parish Council meets the definition of a 'good' parish council set out by National Association of Local Councils (NALC) and Devon Association of Local Councils (DALC) by striving to continually improve the whole community.

A good council:

- plays a vital part in representing the interests of the communities it serves
- improves the quality of life of local people and the local environment
- influences other decision makers, for example, in planning matters
- delivers services to meet local needs
- has quality status
- uses the powers of wellbeing and general competence if eligible to do so
- works with other groups in the community to develop the community and provide better services to the electors

Community Involvement in the Business Plan process

The Parish Council invited the local community to participate in the development of the Business Plan through public consultation to ensure that it represents the best interests of the Parish.

The Business Plan is publicly available on the Parish Council website and Brixton parishioners will be able to monitor progress of the action plan.

Brixton Parish Overview

Brixton Parish offers the opportunity to embrace village life in a rural setting on the outskirts of the historic port of the city of Plymouth providing a strong sense of community, tranquillity, a safe environment with public green spaces and beautiful river and country landscapes. The parish benefits from being partly located in the South Devon National Landscape (previously AONB) and the proximity to an urban conurbation. Brixton Village is the gateway to the South Hams.

The main settlements in the parish are – Brixton Village, Carrollsland, along with the hamlets of Brixton Torr and Spriddlestone and the developing new town of Sherford. In the last 12 years new housing, such as Carrollsland (to the southwest), Canes Orchard in Brixton village, and the emerging new town of Sherford is shaping the current character of the parish and its communities, as demand for homes continues to grow. The growth of Sherford with plans for 5,500 new homes and country park (500 acres) is having a significant impact on the work of the parish council. The parish council is working with and supporting the Sherford Community Land Trust and residents as they promote and grow the new community. Sherford will have its own town council in the longer term.

Historically the parish of Brixton can be traced back to the Domesday Book. The village of Brixton visibly reflects its history with its 14th Century Church and Priests' Cottages, alongside the historic Feoffee Trust owned cottages and park. The local economy was traditionally based on farming, together with other rural and commercial activities around the river Yealm. Now the local economy is based on agriculture, some retail and tourism.

Brixton Parish Council is recognised under the NALC Local Council Award Scheme as a Gold Council demonstrating that the Council as an organisation meets the high standards of governance as required by NALC and has recently been reaccredited.

Nine representatives make up the membership of the Council who are elected every four years. The most recent elections were in May 2023. Since the election, vacancies have occurred which have subsequently been filled through advertising and interview selection process. The Council's decision making is in line with its adopted Standing Orders and current legislation. Councillor's responsibilities include making key policy decisions, agreeing the annual budget and precept for the financial year, monitoring and reviewing the work of the Council. The Chairman of the Council is elected annually at the Annual Council meeting held in May.

The Parish Council is supported by a CiLCA qualified Clerk who acts as Responsible Financial Officer

The Parish Council owns assets and land in the Parish and is responsible for maintaining their value and their safety.

The Parish Council has a Planning Sub-committee, and four working groups - Traffic Management Working Group, Brixton Parish Environment Working Group, P3 Working Group and Cost of Living Working Group. Brixton Parish Council has a Neighbourhood Plan 2014 – 2034 adopted in 2020 and modified in 2022. The Council is a key contributor to the River Yealm Water Quality Working Group. Project leads oversee the progress of the following schemes: land at Cofflete, reclassification of Monkey Lane, improvements to Footpath 26, Bee Friendly Brixton, Green Gym at Elliot's Hill, redesigning parking on the Green and introducing traffic calming at Red Lion and at Stamps Hill.

The Council is funded by entirely by residents of Brixton Parish through the annual Precept which is part of the council tax charge. Additional income is generated through grants. The precept for 2025/2026 was £50,920. The Councils total expenditure for 2024/ 2025 was £ 72,133.46 with an income of £13,465.65 (excluding precept). See appendix one for the council budget / precept.

Vision for Brixton Parish Council

By working with residents, local authorities and others, the Parish Council will contribute to making Brixton a safe, healthy, thriving, and sustainable community improving the quality of life for all its residents.

Brixton Parish Council

- Provides a democratic and representative voice for the community,
- Promotes and represents the community's views at local, district, county, and national level.
- Works in partnership with all voluntary and statutory agencies to improve services and facilities to meet the needs and expectations of residents of the parish,
- Strives to ensure there is a fair share of investment in the parish by local, county, and regional authorities/organisations.
- Adapts and evolves to ensure cost effective, efficient ways are achieved to produce outcomes to benefit residents and the community.

Some of the responsibilities of the Parish Council include:

- Management of grass cutting of identified roadside verges.
- Maintenance of bus shelters, notice boards and various benches throughout the parish.
- Submitting recommendations on all planning applications and change of use applications in the parish as a statutory consultee of the local planning authority (SHDC and DCC).
- Implementation of the Brixton Parish Neighbourhood Plan 2014- 2034, it's modification in 2023 and the Sport & Recreation Plan
- Continue to publicise Parish Plan 2012 and review document on the website following the review in 2024 for historical information.
- Maintaining a watching brief on all open spaces in the parish and seeking to protect them from inappropriate development.
- Working with Devon County Highways, other councils, the Police and to find ways to reduce the overall speed limits across the parish to improve road safety for all residents. The Parish Council in conjunction with the Community Road Warden provides and supports VAS initiatives and Community Speed Watch in identified and approved areas of the parish.
- Working with the Snow Warden to provide grit bins at key locations throughout the parish and working with colleagues at District and County to ensure grit bins are filled to enable gritting to take place at key locations during any winter weather emergency.
- Emergency Planning
- Ensuring that the Public Paths Partnership (P3) with Devon County Council maintains its agreed cutting/repair schedule for the network of public rights of way across the parish with quarterly monitoring and review with the assistance of volunteers.
- Keeping a list of community assets which are owned by the parish council published online.
- Ensuring representation on outside bodies – Hele Trust, River Yealm Harbour Authority, River Yealm Water Quality Working Group, Dementia Friendly Parishes around the Yealm, Brixton Feoffee Trust and Sherford Community Land Trust.
- Engaging the community with the action plan for the Climate Change Crisis and Protection of the Environment Policy
- To support the community through the 'Cost of Living' Crisis.

Brixton Parish Council Governance

Brixton Parish Council aims to be a professional, competent and a caring Parish Council. It endeavours to be open and accountable in all it does and to ensure the sound financial management of all Parish Council resources.

The Parish Council seeks to:

- Be well-informed about the needs and opinions of the parish's residents and businesses through consultation on major issues.
- Improve services to the public by encouraging members and staff to develop their skills by undertaking appropriate training.
- Ensure that Councillors can keep abreast of any new opportunities including any training available and policy amendments.
- Be a good and fair employer by providing fulfilling work opportunities and conditions for its staff.
- Continuously promote public participation in all Parish Council meetings and initiatives.
- Deal with and signpost enquiries and fault reports from members of the public speedily and efficiently.
- Be an effective custodian of the Council's property and documents.

The Parish Council recognises the role of good communication in building positive relationships with the public and with organisations that provide services in the parish. It will continue to seek to improve established channels of communication and find new ones when necessary .

Local Government Reorganisation (LGR)

In December 2024, Government set out its intention that all areas with two levels of local government (District and County Councils) were required to develop plans for a single level of Government. In November 2025 all councils across Devon submitted their final proposals to Government, which will be subject to a government consultation. All the information regarding LGR and links to the DCC, PCC and SHDC plans can be found on the BPC website.

A focus for our actions

The Parish Council has identified key priorities which it plans to concentrate on over the next three years.

Brixton Parish Council Action Plan – 2026 / 2029

All Brixton Parish Council's actions will be undertaken in a social and economic environment.
